The Hallelujah Diet has spent years of intense research and development to ensure that we offer only those products with best quality, consistency, and nutrient value on the market, from our proprietary line of raw, whole food supplements to the world's best healthy kitchen equipment, and informative books and DVDs. **We offer these products as our ongoing commitment to provide you with everything you need to empower your self-healing body!**

Our JuiceMax Products are a whole-food made from the juice of the barley grass, the carrots or the beets. They are kept enzymatically alive by low temperature processing that does not damage heat sensitive nutrients and preserves the rich flavors. Each serving contains a broad spectrum of naturally occurring vitamins, minerals, amino acids, and phytonutrients in a natural synergistic blend that is easily assimilated. Each container is bursting with protective betacarotene to empower your immune system and stop DNA damage before it starts!

BarleyMax®

Recharge the energy of your youth with BarleyMAX® the 100% organic and filler-free juice powder with one of the widest spectrums of naturally occurring nutrients in a single source!

Retail Cost (powder 240 g) **\$58.45**
 and (powder 120 g) **\$38.95**
 (240 Capsules) **\$51.95**

Flavours for the powders are: Original, Alfalfa Free, Berry and Mint

Did you know?

Each 8.5 oz container of BarleyMAX® contains the dehydrated juice of 15 pounds of freshly harvested, organically grown barley grass.

Why Drink CarrotJuiceMAX®?

- Carrot JuiceMAX® is raw, dehydrated carrot juice! Because almost all fiber is removed, the living nutrients in the juice reach the bloodstream at the cellular level in minutes.
- Super dense and dehydrated at low temperatures to preserve raw, living enzymes
- A well-balanced, naturally occurring broad spectrum of vitamins, minerals, and enzymes
- Antioxidant activity, which minimizes free radical damage
- Beta-carotene (from Carrot JuiceMAX®) is a precursor to vitamin A, which is converted to vitamin A as the body needs it. Beta-carot

Retail Cost \$59.75 (powder 250 g) In powder only: Original powder

NOT AVAILABLE UNTIL end early November due to heat while in transport!

BeetMAX®

Traditionally, beet juice has been used to help normalize the pH balance of the body, contribute to the well-being of the liver and gall bladder, stimulate lymph gland activity, flush the kidneys and bladder, and contribute to normal brain functions, reproductive functions, bone structure, and glucose metabolism.

- Supports liver and gall bladder health
- Stimulates lymph gland activity
- Flushes the kidneys and bladder

BeetMAX® Makes Your Liver Lively! Good health depends on a healthy liver! It's your largest internal organ, your largest gland, and the most important filter in your body! It cleans your blood, manufactures proteins, processes fats for energy, metabolizes carbohydrates, aids in vitamin absorption, and detoxifies toxins. **Retail Cost (powder 250 g) \$45.45 (240 capsules) \$48.25**

Our Whole Foods to add to smoothies or shakes (the following 3 products)

B-Flax-D™

Maintains excellent bowel function. With 990 mcg of B12, 165 mcg of selenium, and 2,000 IU of D3 in every serving, B-Flax-D promotes healthy red blood cells, and a healthy heart and bones. Unlike freshly ground flaxseed, which must be used immediately, B-Flax-D is specially stabilized to maintain its effectiveness.

Retail Cost \$32.95 (908 g)

Advanced Superfoods are available in berry flavor dense powders. Made with over 30 organic ingredients including 100% organic blend of cereal grass juice powders, leafy greens, microalgae, sprouts, prebiotic fibers, sea vegetables, and organic vegetables. We have sourced a wide variety of rare organic vegetables so nutrient dense that you will never find them in your local grocery stores or nutritional stores. An all-in-one food product, Organic Advanced Superfood products are a convenient way to fuel your body with vital nutrients. You can be confident that you are consuming the very best! Superior Organic Greens & Vegetables Antioxidants, Vitamin A, Iron, Chromium, Digestive Enzymes & Prebiotics.

Retail Cost \$64.95 (240 g)

Retail Cost \$45.95 (562 g)

Digestion Aid and Immune Support (the next 7 products)

Probiotic

Labels on most probiotic brands boast a high amount of bacteria (CFU), but very few make it past your stomach acids to your colon, where probiotics are needed most. Hallelujah Diet® Probiotic delivers up to 60% of its bacteria all the way to your colon.

Digestive Health & Immune Support

- Far More Effective Results!
- Patented Delivery System
- No Refrigeration Required

Retail Cost Professional \$38.95 (30 tablets) Oral (and for Children) \$32.95 (60 lozenges)

Intestinal Balance

Helps eliminate unfriendly intestinal bacteria which can be detrimental to your nutritional absorption. This proprietary blend of botanicals and live enzymes provides support for your intestinal tract, discourages yeast formation, and naturally boosts your immune system.

Supports healthy bacteria growth **Retail Cost \$32.95 (90 veggie capsules)**

Digestive Enzymes

Every single function of the human body requires enzymes, and they all suffer if you don't get enough. Which means your well-being suffers too! The abundant live enzymes in Hallelujah Diet Digestive Enzyme supplement help improve poor digestion and absorption of critical nutrients, which is especially important when eating cooked or processed foods.

Retail Cost \$32.95 (90 veggie capsules)

Total Eye Health

This supplement for eye health is designed to supply the body with necessary building materials to improve the eyes' structure and function. Take a decisive step toward optimal eye health with this highly effective eye health supplement that supports:

- Central vision and detailed color perception
- Adaptation to darkness and night vision
- Minimizing eyestrain and fatigue
- Maximizing stability and absorption

Retail Cost \$38.95 (30 veggie capsules)

B12, B6 & Folate

Recapture the energetic feeling of your youth! These tasty tablets dissolve sublingually (under the tongue) to deliver vitamins B6, B12, and Folate into your bloodstream in a much more powerful way than swallowed tablets.

- Sustained mental energy and stamina
- More mental focus and improved memory

Retail Cost \$25.95 (60 vegetarian tablets)

Selenium Glutathione Promoter

Selenium / Glutathione Promoter is designed to boost your immune system defenses by a combination of selenium and select antioxidants to stimulate the increased production of the master antioxidant glutathione. Rather than succumbing meekly to infections, take action to support your immune system's defenses.

Retail Cost \$16.95 (60 veggie capsules)

Help for your bones, joints, ligaments and cartilage. These next 3 products can help with the everyday problems our body experiences as a result of getting older or being over used. These products can help make a healthy stronger body.

Serrapeptase

Is a powerful proteolytic enzyme, has an amazing healing effect on the body. Relieves discomfort associated with acute injury, swelling, burning and aggravation. Serrapeptase is a proteolytic enzyme originally isolated from a microorganism in the intestine of a silkworm. Proteolytic enzymes used systemically help reduce inflammation associated with acute injury (overwork or athletic injury) in the body and symptoms that often accompany that inflammation.

- Formulated for maximum absorption
- Great for everyday bumps and bruises **Retail Cost \$32.95 (60 veggie capsules)**

Joint Health

Be nice to your knees and any other achy joints! Hallelujah Diet® Joint Health, made with superior BCM-95 curcumin and boswellia extracts, helps rebuild cartilage as it soothes swollen, burning joints and joint damage from free radicals. Your knees will notice — and thank you!

- Suppresses free radicals to stop inflammation
- Made with the world's best boswellia and curcumin

Retail Cost \$51.95 (120 capsules)

Bio Curcumin®

A powerful antioxidant and potent anti-swelling and anti-irritant agent, Curcumin is the active ingredient in the spice turmeric. In addition, studies suggest Curcumin may be used to support the immune system.

Traditional health benefits of curcumin include - antioxidant, reduces swelling, anti-bacterial, anti-rheumatic, anti-carcinogenic and hepato protective. Curcumin is derived from the turmeric plant (the main biologically active part of the plant). Fresh turmeric only contains 4% of Curcumin.

Based upon the research of Dr. Bharat Aggarwal, who headed the 12-member team of researchers at University of Texas (U.T) M.D. Anderson Cancer Center, the use of Curcumin, the biologically active extract of the Turmeric spice can help supply the body with an abundance of free radical fighting nutrients that may help protect the body from various types of cancer. * **Not for use with bile duct problems or blood thinners**

Retail Cost (400 mg) \$38.95 and

Extra Strength (600 mg) \$51.95 (both have 60 capsules)

And in liquid form to help you absorb them more easily: the last 3 products

Liposomal CoQ10 For better Heart Health!!

CoQ10 has notoriously poor bioavailability. This new liposomal formulation dramatically boosts the

absorption of CoQ10, so that you get better, longer lasting results from each serving.

LIPOSOMAL CoQ10 Dietary Supplement helps with:

- Boosts cellular energy by supporting mitochondrial health.
- Aging and poor health both combine to reduce cellular production of CoQ10.
- Especially important for optimal heart muscle function and brain function.
- Essential nutritional support for anyone taking a statin drug, as these drugs further deplete CoQ10 levels. **Retail Cost \$64.95 (180 ml)**

HydroBoost Kit

You know that drinking pure water is essential for health. But do you know that boosting distilled water adds further important benefits that can improve your overall health? The HydroBoost Kit is one of the best ways to upgrade your distilled water as it can provide a source of alkalinity to offset acids of metabolism and disease. It also adds magnesium and many absorbable minerals beneficial to overall health.

Includes:

Retail Cost \$58.45 (makes 98 gal)

- Hallelujah Diet Trace Minerals
- Hallelujah Diet Willard Water
- Four-way measuring spoon for mixing up large quantities
- Pipet for measuring out Willard Water for small (glass-at-a-time) quantities

Liposomal Vitamin C

Hallelujah Diet Liposomal Vitamin C utilizes liposomal encapsulation technology to put vitamin C into small vesicles of phospholipids. Liposomal Vitamin C is a lipid-encapsulated form of vitamin C that is shuttled without digestion into the bloodstream, right into the cells of the body. It is the most absorbable, powerful form of vitamin C available. Liposomal Vitamin C is immune system boosting support that rivals or surpasses intravenous delivery of vitamin C, but in a convenient oral form.

- Cardiovascular support
- Prevents free-radical damage
- Healthy aging support

Retail Cost \$47.95 (150 ml)

NEW ModCarb™: is an all-grain complex-carbohydrate food created with 6 grains (oats, amaranth, buckwheat, chia, millet and quinoa). It is a breakthrough in energy and strength nutrition and supplements.

ModCarb™ provides a real advantage for athletes in training, dieters who want to avoid sudden cravings, or for anyone who experiences energy dips during their day.

Add to your smoothies for a great taste!
