

We are introducing a new line of ECO friendly products to help create healthier homes by reducing the harmful chemicals and waste that challenge our health and our environment. *Did you know that more than 13 billion pounds of paper towels are used each year in the USA, amounting to 40 pounds – the equivalent of 80 rolls – per person, per year? That is over 3000 tons in our landfills each year! Producing all that paper consumes a lot of resources, including 110 million trees per year, and 130 billion gallons of water.* By using cloth towels instead of paper towels we can live more sustainably and will save millions within Canada alone and think how it will save room in our landfill locations. We have microfiber cloths with BacLock® an innovative product that provides real solutions to everyday cleaning problems, tailored to the way your family cleans.

EnviroCloth™ Removes up to 99% of bacteria without using chemicals! [Top picture](#) →

- Ultra-thick and absorbent to pick up and hold more dust, dirt and debris than other cleaning cloths. And holds several times its weight in water. Size: 35x35 cm **\$18.99 each** (assorted colours)

EnviroWand™ with Two-Sided Sleeve: Size: 67x7.5 cm **\$32.99** The bendable EnviroWand makes cleaning around furniture, under the fridge, and all those hard-to-reach places a breeze. Plus, it's a great alternative to single-use dusting pads and chemical-laden sprays. The removable sleeve has nubby chenille on one side and microfiber on the other and works like magic to gather dust and dirt from even the most difficult-to-reach places! **Sleeve Replacement:** Size: 45x7.5cm **\$13.00**

The amount of plastic film and wrap produced annually could shrink-wrap the state of Texas. Let's use these products instead! By replacing this plastic wrap with re-usable silicon lids we can greatly reduce the amount of plastic wrap we waste in our own kitchens.

Silicone Lids: Plastic wraps can be a struggle to use. They can leach harmful chemicals into your food, and they end up in landfills. These colourful lids create a tight seal on any smooth rim to keep food fresh when storing. The heat-resistant, food-safe silicone also allows for quick cooking, steaming and reheating in the oven or microwave. BPA-free. Oven safe up to 425°F. Dishwasher safe. 1-year warranty
